## **DETAILED ACTION**

### **Status of claims**

1. This is in response to after final rejection, filed November 13, 2007 in which claims 8-9 and 21-22 has been deleted and claims 1-7,10-20,23-33 are pending.

After further search and examination of the present applicant and in view of applicant's amendment , claims 1-7, 10-20 and 23-33 are found to be in condition for allowance.

### ***Allowable Subject Matter***

2. The following is an examiner' s statement of reasons for allowance: the prior art Ito teaches a method for providing multi broadcast services to subscribers (see column 7, line 56-column 8, line 58 and figure 1). Ito teaches broadcasting primary content over one or more channels ( column 7, lines 56-65) in which the receiving processor receives multi-channel digital satellite broadcast such as a program broadcasting content based on identifying an ID belonging the program broadcast. Ito teaches broadcasting secondary content over one or more secondary channels (see column 7, lines 58-65 in which receiver 101 receives multi channel digital satellite broadcast such as advertisement information from the broadcast by identifying ID belonging to the advertisement broadcast. Ito teaches enabling reception of a second broadcast service whereby subscribers subscribing to the second broadcast receive both the primary and the secondary content (see column 9, lines 29-39).

On the other hand , the present applicant specifically teaches requiring that second tier subscribers play at least a portion of the secondary content before being able to play the primary content; tracking how much of the secondary content has been played by the second tier subscriber; and discontinuing the requirement that the

second tier subscribers play back said secondary content upon the occurrence of a first predetermined triggering event. These limitation, in conjunction with all other limitations, has not been disclosed , suggested or made obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
